

Living Lands & Waters Core Values

January 2013

Results

We roll up our sleeves to get the job done. Our goal is to leave every community we visit cleaner, greener and more environmentally healthy than before we arrived and to instill a desire for residents to maintain it.

Relationships

We give personal attention to our corporate sponsors and community partners. We are committed to strengthening our network of friends, allies, volunteers, crew and staff.

Passion

We bring a can-do mindset to everything we do. We live and breathe our mission with energy and focus. And we strive to ignite that passion in every community where we work.

Teamwork

We believe in the power of one person to affect change, but teamwork is our trademark. We model, encourage and reward the idea of people working together for a common purpose.

Awareness

We raise the environmental conscience of the people through educational workshops, clean-ups and outreach. We strive to inspire a Call to Action to make a positive difference in our world.
